ULTIMATE CONVENIENCE

Cordless convenience that's ready when you are. The ultimate grab & go cleaning experience.

3+ CLEANING MODES

Clean messes on the floor and above the floor, with accessories or without*. With one-touch release, you can quickly detach the hand vacuum for above-floor cleaning, or use the hand vacuum with the wand to target hard-to-reach areas.

ALWAYS READY, ALWAYS CHARGING

Charge upright for quick floor cleans, side by side for discreet visibility, or at the hand vacuum for on-the-go jobs.

SMART LED DISPLAY

The smart LED display tells you when it's time to recharge, and when your WANDVAC™ System is ready to tackle another mess.

GIVE YOUR CLEANING POWER A BOOST

Press the Boost button for extra bursts of strong suction power for tough spots.

ONE-TOUCH FRESHEN UP

Eject the hygienic dust cup with one touch, making it easy to empty every time. A clean dust cup means strong suction.

RUNTIME YOUR WAY

The WANDVAC System features swappable batteries to provide as much runtime as you need to tackle everyday messes. Yours comes with one battery, but for extended cleaning needs, visit [sharkclean.com](https://www.sharkclean.com) to purchase more.

See the
Owner's Guide
for additional
product information
and troubleshooting
questions.

*All accessories are compatible with both the wand and the hand vacuum.
